

Kindness "Rocks" Ross Woodward Classical Studies Magnet School

Mrs. Criscuolo and her 7th grade class began going to different classes this year painting kindness rocks with the students.

For our 7th grade this was an amazing activity that showed service to the younger students in our school and for our younger students this was a great way for them to help others by painting adorable pictures and writing uplifting messages on their rocks.

They still need to finish up with some of the grades and then come Springtime the rocks will be dispersed all around the school and neighboring towns to spread a little joy to those who find their rocks.

This was a wonderful way to encompass our Core Value: Service (We take pride in working with others to help improve our communities.)

We hope to continue this project again next year! If you find one of our rocks we hope it puts a smile on your face and kindness in your heart to pass the rock forward!
